Motor Racing is **DANGEROUS**, and all persons attending at these tracks do so entirely at their own risk. It is a condition of admission that all persons having connections with the promotion and/or conduct of the meeting, including the owners of the land, and the riders and owners of vehicles and passengers in vehicles, are absorbed from all liability arising out of any accidents causing damage or personal injury to spectators or ticket holders except where due care and skill has not been exercised.

The carrying or consumption of alcoholic beverages in the pit area is prohibited.

NOTICE: NO GLASS AND NO ANIMALS ALLOWED

Programme Design: Inferno Design & Digital
Articles by Graeme "Spyda" Staples

A WORD FROM THE CEMETERY CIRCUIT TEAM:

This 3 Round race series is proudly brought to you by Cemetery Circuit Ltd, on behalf of the Wanganui Motorcycle Club Inc. Firstly, A Big Thanks to all our Volunteers. Without their loyalty and support we would not have this now iconic Event.

Volunteers peak at over 200 at Cemetery Circuit on Boxing Day, giving up their time and energy and we would like to take this opportunity to thank each and every one of them.

We are proud of this series and have put in a huge effort to ensure an exciting and enjoyable event... and one as safe as motorcycle racing can be. Safety, yours, the competitors and ours, is of the utmost importance to us. Please follow any instructions given by a member of our crew, and please stay aware at all times of your surroundings.

REMEMBERING BARBARA LETT

Former Cemetery Circuit organiser and Clerk of Course, Barbara Lett died on the 5th of November 2022 at home in Wanganui, after a long, long battle.

A life member of the Wanganui Motorcycle Club, Barb first helped on Boxing Day way back in 1960. Over the years, she carried out all sorts of roles to make Cemetery Circuit happen – from lap scoring, to crowd control and all the way through to race organiser for more than a decade.

Well known for not calling a spade a shovel, Barb managed to get her point of view across better than most. With the potential dangers of motorcycle racing always at the front of

her mind, Boxing Day brought out the serious side of her year upon year. A well run meeting, rider and spectator safety at the forefront of everything is what she strived for. Something that carries on to this day with current organisers.

Over the years of her involvement in Cemetery Circuit, she had help from hundreds of people to make the day happen. She was always very grateful for the generosity of people to give up their time and energy – especially at the time of year Cemetery Circuit is held!

She is survived by her husband of 56 years – Joe.

Rest in Peace Barb.

DJ Carl Cox Loves Motorsports!

"It's good to be back racing at the NZ Suzuki Series!

It is always great to be part of NZ's premier race season and the final road race at Whanganui is very special. On the behalf of Carl Cox Motorsports and racers and to the fans, I think this year is going to be very special - be safe, ride hard and have fun out there."

Other Wanganui Road Races by Graeme 'Spyda' Staples

Brunswick

Not long after World War Two there were two Motorcycle Clubs in Wanganui, the Wanganui Motor Racing Club and the Wanganui Sports Motorcycle Club. They were both heavy hitters in my view, staging some big national level events. In fact this Brunswick meeting at labour weekend in 1948 was the North Island's first standalone motorcycle street Circuit race meeting. Prior to that there had been just one Motorcycle race in the Auckland suburb of Orakei in 1933, but it was part of a car race meeting. Waiheke Island had staged the New Zealand Tourist Trophy meeting from 1931-41 then from 1946 on and Canterbury's Cust the New Zealand Grand Prix from 1936-40 which started again in 1947. The Wanganui Motor Racing Club (Inc) ran the 6.85 mile (11km) Brunswick event. The lapscoreing was surrounded in controversy and the subject of some correspondence to the NZ Motor Cyclist back in the day and it was a once only event as some local farmers had animals spooked on the day, objections to a further meeting were successful. The surface was entirely gravel when it was raced on.

Matarawa

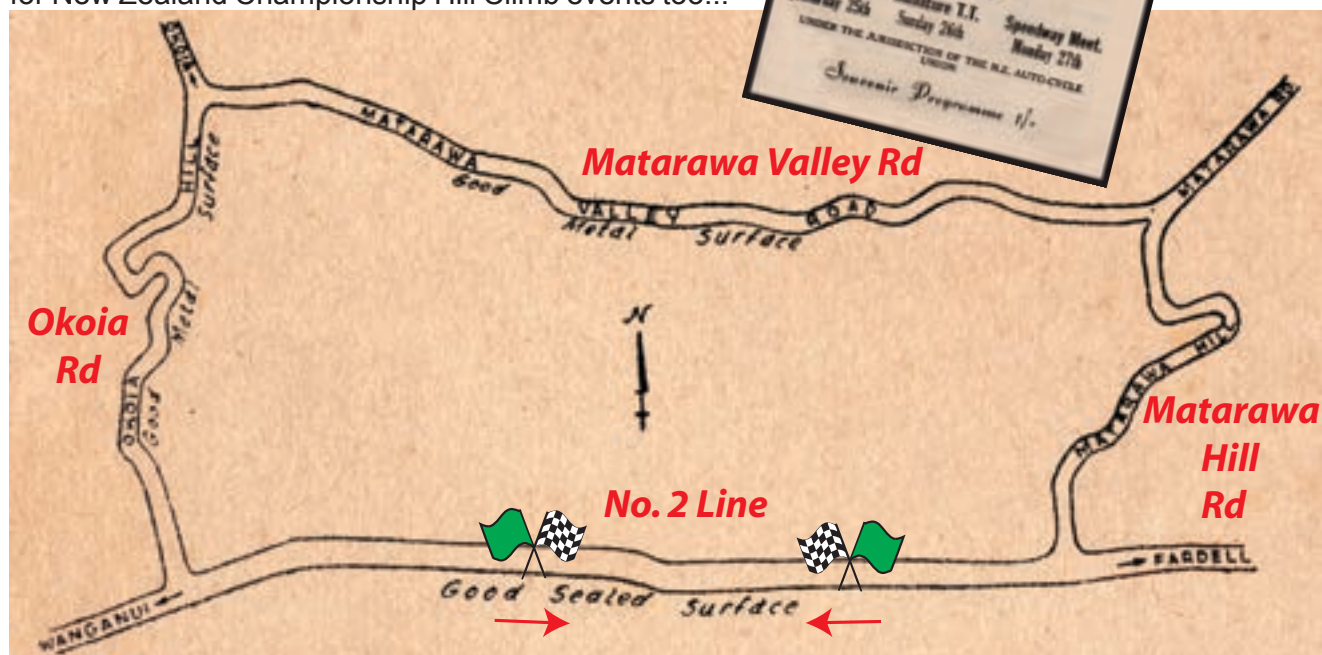

Not to be put off the with the Brunswick Circuit being unavailable, the Wanganui Motor Racing Club (Inc) sought another place to turn petrol into noise and in 1949 this anti-clockwise Circuit came about. At 3.8 miles a lap (6 km) it was still a decent length for the day too. The start/finish line shown here is the left set of flags.

Road Races weren't the 8-10 mile (13-16 km) sprints that we see at the one-mile (1.6 km) Cemetery Circuit these days. The Senior race at the first Matarawa meeting was 74 miles long (119 km), imagine that nowadays. Today's Formula One/Superbikes would be equivalent to the Senior back then.

Racing continued here for five consecutive years at Labour weekend until 1953. The first year it looks like it was just this event but the following years the races grew into an 'Annual Three Day Rally' with other events being run over the next two days. A miniature TT essentially, off road events ran on the Sunday, initially at Westmere then on a property in Terrace St, Aramoho, then a Dirt Track Meeting at the Wanganui East Showgrounds on Labour Day Monday.

On the evenings inbetween there was a prize giving one night and then a Motorcycle Film night so local enthusiasts and visitors from out of town were well catered for.

Fast forward to 1965, during the three year stint where racing didn't happen on the Cemetery Circuit, the Wanganui Motorcycle Club (Inc), formerly the Wanganui sports Motorcycle Club (Inc) resurrected the Circuit this time running it clockwise, the flags shown on the right denote the start/finish line. Over the years both the Matarawa Hill and the Okoia Hill have been used for New Zealand Championship Hill Climb events too...

UNSTOPPABLE DESIRE TO DISCOVER.

INTRODUCING THE NEW TOURANCE™ NEXT 2.

Durable performance and precise handling for long distance journeys, in all-weather conditions. The evolution of the legendary Tourance™ Next, this is the new road-oriented benchmark for Adventure performance, that dares you to challenge any road.

Moutoa Gardens

Moutoa Gardens became the replacement for the Cemetery Circuit in 1963 when the Wanganui Motorcycle Club (Inc) had to find an alternative set of streets for the now annual Boxing Day Road Races. Rhodesian Jim Redman was the star of the show. He was already a four-time World Champion when he raced at this half-mile (800 metre) Circuit, and he went on to win another two World Road Racing Championships following his sojourn to New Zealand.

The meeting was marred by the death of Sidecar competitor Bill Linton from the Hawkes Bay.

Rutland Street is a one way street nowadays, the opposite way to how they raced it back in 1963 so not so easy to do a lap as such.

MOTOGP WSBK DAKAR ENDURO MOTOCROSS

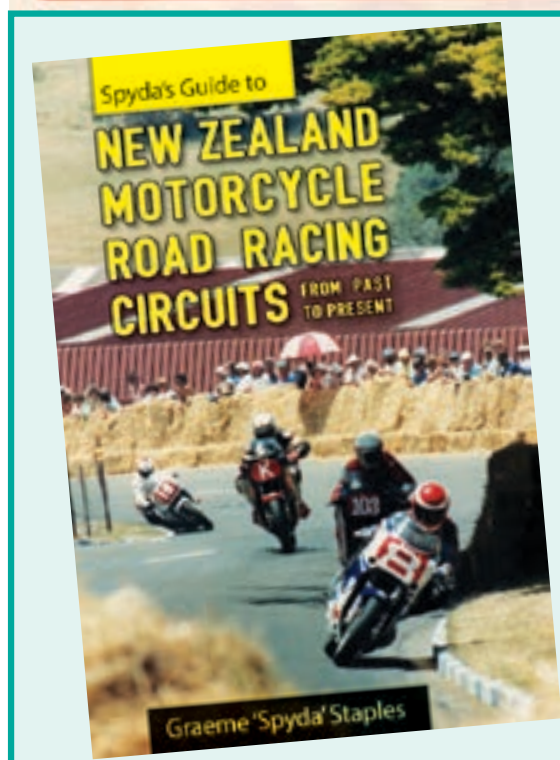

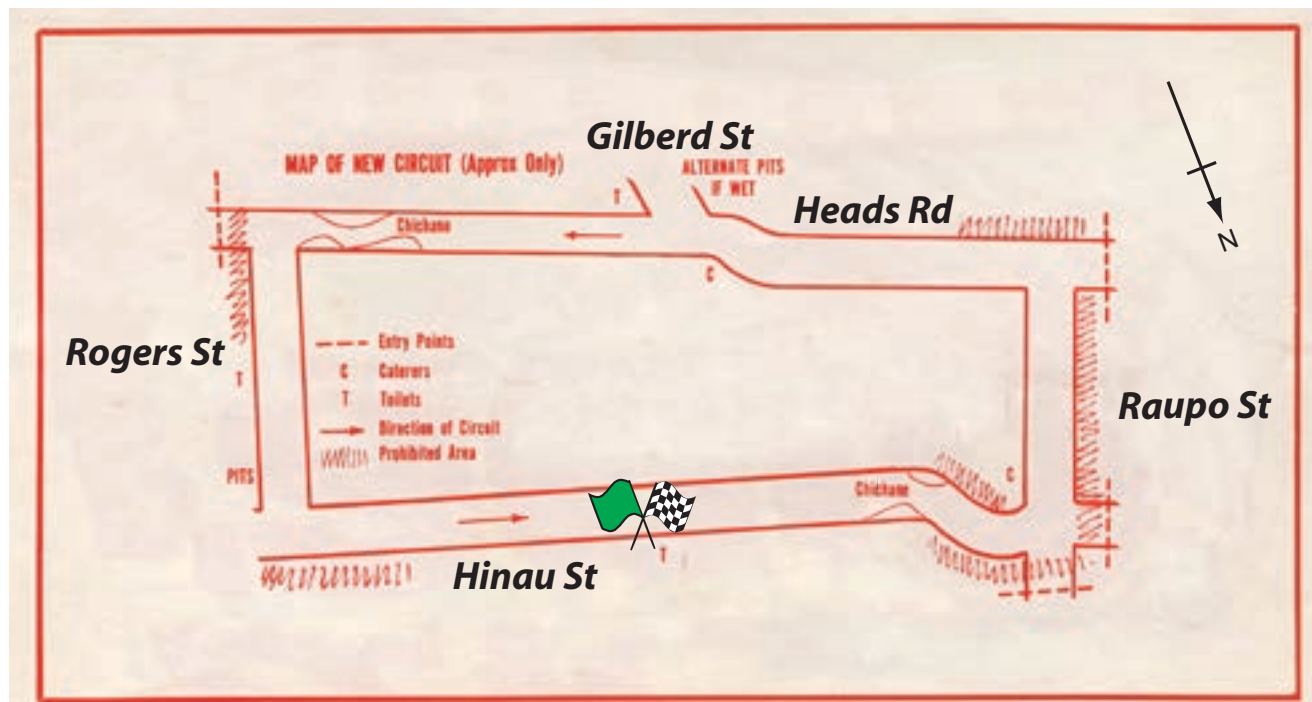

PROUD SUPPORTERS OF MOTORSPORT WORLDWIDE

Balgownie

The International Marlboro Series ran at the Cemetery Circuit from 1973-7 and the grids were choc-ka with foreign competitors, so much so that some Kiwis were missing out on racing at Wanganui. Classes had become more aligned to proper factory produced race bikes and the like so a mid Winter meeting was staged to let more racers have a shot on the streets as seen below.

Some have also said this Circuit was run to see how it panned out in case an alternative Wanganui venue was needed to replace the Cemetery Circuit. Run in late July 1977 the main race of the day listed 51 competitors. Take a moment to imagine that number of bikes these days on a Circuit the same length as our Cemetery Circuit in one race!

Unique to this Circuit is the option of a set of pits set aside for if the meeting was wet. The 'dry' pits on the corner of Rogers and Hinau streets in what is now Emmett Bros Ltd yard wasn't sealed. Dragging wet dirt onto the Circuit would have compromised the surface; hence the Gilbert St sealed pit option.

This new **250 page book** is a must for Kiwi Motorcycle Racing enthusiasts covering circuits **from 1929** till nowadays. **Over 400km's** in detailed Circuit diagrams, maps showing you how to get there and a bit of a background on the venues including the years they ran. Covering **160 Circuits** including their variations over the years we've been racing in New Zealand. Grab your copy at today's races, the commentators will direct you to where they are selling or send an email to the address below for a copy...

Legendary bike tuner and engineer Paul Treacy is interviewed by the course commentator (left), while the fabulous Proton KR3 motorcycle stands by, just waiting for a run on the track.

STAR INSURE MOTOFEST - ICONIC BIKES AND LEGENDARY RIDERS

NOVEMBER 14, 2022: MotoFest 2023 is back in March and the Kiwi motorcycling community simply can't wait for that date to roll around.

The fourth instalment of the Star Insure MotoFest, at Hampton Downs Motorsport Park on the weekend of March 5-6, 2023, will not only be hosting the crucial fifth round of six in the 2022-23 New Zealand Superbike Nationals, but the jam-packed two-day programme will also offer up a glut of other high-powered motorcycling entertainment, including the second-ever Motul NZ Classic Grand Prix.

And a star attraction in the classic segment at MotoFest will surely be the fabulous and rare Proton KR3 bike that will be on show during the "Legends Parade" phase of the busy weekend.

It will be a time to "Smoke 'em Out" at the 2023 event as Star Insure MotoFest embarks on "A Celebration of Two-Stroke in New Zealand" and the Proton bike is a classic example of the best in two-stroke motorcycle racing technology.

Owned by British collector Chris Wilson, a friend and regular supporter of MotoFest, the Proton KR3 is the bike that really signalled the end of the two-stroke era of GP racing.

This is the rare 500cc V3 configuration bike that Northern Ireland's Jeremy McWilliams set pole on at the 2002 Australian GP – the last time a two-stroke bike achieved this feat.

The 2002 GP season marked the phasing out of 500cc two-strokes and the introduction of the 990cc four-stroke machinery.

American GP world champion Kenny Roberts and his main team engineers, including Kiwi Mike Sinclair, came up with the V3 design. The bike weighed only 115kg, but made 160 horsepower and was only about the size of a 250cc class bike.

It is one of the last two-strokes that Kenny Roberts had made and boasts an amazing power-to-weight ratio.

The COVID-19 pandemic forced last year's MotoFest to be cancelled, but the Proton wasn't sent back to England and now it is ready to run at the track in 2023.

The two-stroke GP bike doesn't have any engine braking, the engine is slim and so the weight is low down, making the bike quite nimble and easy to change its direction.

Legendary New Zealand bike tuner and engineer Paul Treacy has worked with the bike for the past year and the extremely rare

bike will be real eye candy for the thousands of fans expected at MotoFest.

MotoFest will acknowledge some of the Kiwis who made their name on big, raw two-strokes – Kawasaki and Bultaco hero Ginger Molloy, multi-time New Zealand champion Trevor Discombe and long-time racer, sponsor and mentor Bob Haldane.

And let's not forget some of our other heroes, Waikato's four-time World Champion and recent MotoGP Legends Hall of Fame inductee Hugh Anderson, the extraordinary Graeme Crosby and three stars of the sport who are sadly no longer with us, Geoff Perry, Kim Newcombe and Rodger Freeth.

And then there are the machines. MotoFest has assembled the biggest line-up of the famous four-cylinder Yamaha TZ750 bikes since the 1970s.

Add to that, some rare Suzuki RG500s, and a sea of Yamaha TZ250 and 350s. Plus there are some other smokin' specials from the past.

In addition, if people ride their two-stroke to the event or bring it by van or trailer, there's a special "Show and Shine" area set aside in the infield at Hampton Downs.

They'll also get to take to the track for special parade laps with the legends and they'll get free entry to the Saturday night BBQ.

Bring your display bike, your project bike in any state to enter and display. There will be prizes for: Best presented multi cylinder two stroke Street and Racing; Best presented Twin; Best presented Single; Best presented Team; Rare Bike Category; Best Barn Find; Most Optimistic Project (let's see that rusting hulk).

This fourth annual Star Insure MotoFest extravaganza promises excellence on all fronts, with well-respected identities from all segments of the motorcycle sporting community coming together for a spectacular two days of action.

Star Insure MotoFest again has the support of Kawasaki, as it has since day one, Bridgestone, Motul, Shoei and MTF Finance.

Star Insurance will also sponsor and bring to life the Legends Garage, while manufacturer and trade displays will also have fans spoiled for choice.

Star Insure MotoFest will certainly tick all the boxes with bike enthusiasts if the 2023 edition can match previous MotoFest spectacles.
